Stories of Impact: Jaikrit Johar

Jaikrit spent the first 19 years of his life growing up in Aurora. He experienced firsthand some of the issues that plagued the community. As a result, he wanted to find a way to get involved and make a difference.

He found this outlet through the RLC. The issues he saw within his community the RLC was actively working to address so he gave his time and energy to help them. From volunteering to assist with outreach, and attending community action meetings Jaikrit has found a way to take action through the RLC.

Take a look at all these interesting events happening this month through the RLC!
