

HAZEL'S

BEVERAGE WORLD

MARKETING PORTFOLIO

Lauren Elbert • Marketing Intern • 2026- ongoing

Updated 9/28/2026

More than a social media intern.

My work at Hazel's Beverage World covered the full marketing process: developing campaign ideas, creating digital and physical creative, communicating with suppliers and brand partners, reaching out to local businesses, promoting events, and creating content for Hazel's social channels.

SOCIAL	Instagram & Facebook content, captions, campaign promotion, Reels planning
CREATIVE	Digital graphics, event flyers, physical signage, in-store promotional materials
PARTNERSHIPS	Supplier and beverage-brand communication, promotional assets, event coordination
COMMUNITY	Local business outreach, property-management and hotel/concierge relationships, coupons
EVENTS	Event promotion, logistics, on-site content capture, recaps and customer-facing marketing

SELECTED RESPONSIBILITIES

- Ran and contributed to Hazel's Instagram and Facebook marketing, including event and seasonal promotion.
- Created promotional concepts and visual assets for digital and physical placements.
- Communicated with suppliers, beverage brands, and promotional partners to request assets and coordinate activations.
- Reached out to local property managers, hotels, and concierge teams to expand Hazel's community presence.
- Planned event content, created shot lists, supported on-site execution, and produced recap-ready social content.
- Worked with customer data to construct SMS marketing campaigns
- Facilitated weekly marketing meetings to update key people on marketing updates

Hazel's Beach Day

A summer event campaign built around a beach-day visual identity, in-store experience, and social promotion. The event featured Hawaiian food, music, games, and beverage-brand participation.

Original Beach Day creative

Beach Day creative on the floor

The campaign moved from designed promotionally creative into a physical customer-facing placement inside Hazel's.

Game Day starts here.

Created game-day promotional creative positioning Hazel's as a destination for the full game-day experience, with messaging around beer, wine, non-alcoholic beverages, spirits, snacks, and more.

Game Day Buff Zone Print Ad

Labor Day social creative

Creative responsibilities: concept development, copy direction, visual selection, layout, brand consistency, and social-ready asset production.

Holiday Promotions

Stayed in touch with current events by expanding creative into current events.

Labor Day Promotion

Promoting new offerings

Extended Hazel's creative beyond social media by supporting physical in-store marketing. The Flight Deck Café concept adapts a retro visual language into Hazel's environment and creates a branded customer touchpoint inside the store. The recognizable "Eras Tour" format not only draws the eye, but caters to our college shoppers.

Original Flight Deck Café creative

These examples show how campaign creative was translated into the physical Hazel's environment, not just published digitally.

Building relationships beyond the store.

A major part of my role was external communication: working with suppliers and beverage brands on promotional support, and reaching out to local businesses to build awareness for Hazel's.

SUPPLIERS & BRAND PARTNERS

Communicated with suppliers and beverage-brand contacts about upcoming activations, promotional assets, logos, graphics, and event support.

LOCAL BUSINESS OUTREACH

Reached out to property management teams, hotels, and concierge contacts to explore ways to distribute physical Hazel's coupons and introduce Hazel's to nearby customers.

EVENT COORDINATION

Helped coordinate timing, promotional needs, creative assets, and on-site details for Hazel's events and brand activations.

CONTENT PARTNERSHIPS

Turned partner and event information into social-ready messaging and promotional creative for Hazel's channels.

WHAT THIS WORK DEMONSTRATES

- Professional communication with external stakeholders
- Relationship-building with local businesses and community partners
- Ability to translate partner needs into customer-facing marketing
- Coordination across creative, social, and in-person marketing channels

Creating the content customers actually see.

I supported Hazel's day-to-day social presence by developing campaign content, writing captions, planning Reels, creating shot lists, and capturing or coordinating content around events. The goal was to make Hazel's feel active, local, and worth visiting.

- Instagram and Facebook content planning and publishing
- Event announcements and promotional captions
- Seasonal and holiday campaigns
- Reels concepts and shot lists
- Event-day content capture and recap planning
- Partner and supplier promotional content
- Community-focused messaging

KEY CAMPAIGN EXAMPLES INCLUDED

Beach Day	Summer event promotion + in-store execution
Labor Day	Seasonal social creative
Long Weekend	Retail reminder / seasonal creative
Game Day	Sports-season retail positioning
Haters Gonna Hate	In-store Flight Deck Café concept

My Hazel's experience gave me the opportunity to work across multiple sides of marketing rather than staying in one channel. I moved between creative development, social media, event marketing, external communication, community outreach, and physical customer experience.

CREATIVE

Developed branded creative for social, events, signage, and retail environments.

STRATEGY

Connected campaigns to Hazel's goals around community engagement, event participation, and in-store traffic.

COMMUNICATION

Worked directly with suppliers, brand partners, and local businesses.

EXECUTION

Took campaigns from concept and coordination through customer-facing execution.

CONTENT

Managed and contributed to Hazel's social presence with campaign-specific content.
